

ANTEC EXHIBIT FLOOR: CONNECTING CLASSROOM THEORY WITH REAL-WORLD SOLUTIONS

ANTEC®, produced by SPE, is the largest annual technical conference in the U.S. for the plastics industry, with 2,500 attendees, over 600 paper presentations and an NPE powered exhibitor floor.

ABOUT THE SHOW

- **Pre-show and post-show promotion** in *Plastics Engineering* 30,238 decision-makers in the plastics industry incl. 14,000 SPE members, across 80 countries
- **Top 5 product categories of attendee interest:** injection molding, extrusion, resins & compounds, testing & inspection, and chemicals & additives*
- **Company listing** in the printed ANTEC® program, on the ANTEC® web site, and the ANTEC® mobile app with additional exposure via email marketing and social media campaigns
- **95% of past exhibitors were satisfied** with their exhibit floor experience and return on investment*
- **Returning** to the heart of manufacturing, the midwest, for the first time since 2013.
