# Guidelines for Posters

1. For proper display at the venue, your poster size should stay within the following **maximum** dimensions (Portrait):
   - **Width:**   900 mm
   - **Height:**   2000 mm

2. When preparing your poster, use adequate letter type and size to ensure good readability. Well-designed figures, graphs and tables will enhance the attractiveness of your poster.

3. Poster boards in the poster area will be numbered and ordered by means of the abstract code (beginning with the letters P) appearing in the scheduling confirmation sent to you. You will also find your abstract code in the final program on the Sunbelt 2018 website. We suggest you mention the abstract code on your poster for the convenience of poster viewers.

4. The title on your poster should be identical to the title of the corresponding abstract.

5. Posters should show the names of all contributing authors appearing on the abstract and the affiliation of the presenting author.

6. **Posters should be mounted on the day your poster is scheduled 10 minutes before the session starts.** Mounting materials will be available in the poster area.

7. The presenting author should be in the vicinity of his/her poster during the poster viewing session on Friday June 29, from 17:30hrs till 19:00hrs to share the important points of your paper.

8. You are advised to bring hard copies of your poster as handouts or allow visitors to leave their email address.

9. **Your poster should be removed from the poster board within 20 minutes after your poster session**. Posters not removed by the presenters will be removed by the organizers and will be destroyed.
