Event Consent and Permission

United Way Worldwide (UWW) is committed to providing resources and materials to its member organizations and corporate donors to promote and support their charitable giving activities. This includes campaign materials such as the annual campaign video and other videos or recordings promoting United Way, written and electronic materials related to volunteerism and community impact programs, and marketing and communications tools to create the United Way experience in print and online media.

In support of this effort, I hereby authorize and consent that United Way Worldwide shall have the right to copyright, publish, use or assign all photographic portraits or pictures, television spots, film, videos, internet postings, or sound recordings or any part thereof that may have been taken of me on this date in written or electronic format, video or film for promotional, advertising, or other charitable purposes in any media including the world wide web related to the United Way brand experience. This also includes any tweets or messages through social media.

I also confirm that I have obtained all needed consents and permission from any third parties needed to publish or disseminate any materials submitted to UWW and shall provide such written consents upon request.

The purpose of this United Way event is to provide learning and educational opportunities for United Way volunteers and staff. I agree that my presentation will be educational and pertain to the subject on which I have been asked to speak, and will not contain promotions or descriptions of any services or products that I or my company provide, including in written materials.

I hereby waive any right of inspection and pre-approval and claims for compensation.
